The most effective means of showing support for this cause is to actively participate in protecting this sacred land. Anyone who is able to travel to the peaceful encampments is encouraged to do so.

For those unable to make the journey to North Dakota, please utilize the alternate methods provided to show your support for the Standing Rock Sioux who have united over 100 tribes from across the U.S. Please join this effort to stop this pipeline, which desecrates sacred lands and has serious potential to damage or destroy the Standing Rock reservations lifeblood – its water.
